Washington State Workforce Portal is a FREE internship resource connecting young people across the state of Washington to real-world work-based learning opportunities.

With a free account, you can access our reporting features that will allow you to monitor which of your students are using Washington State Workforce Portal, which students are filling internships, where they're interning and more. You also have the option of serving as an intermediary between students and employers.

Why should your students complete an internship using Washington State Workforce Portal?

Students will be able to gain hands-on experience while expanding on things they learn in the classroom. Internships also provide students with a chance to build to their professional network and add to their resume for future career or college plans.

- Access to student data
- Ability to search for opportunities for your students
- Act as an intermediary between students and employers
- Utilize Washington State Workforce Portal employer network

AWB  **INSTITUTE**

info@awbinstitute.org

The Washington State Workforce Portal is a project of the AWB Institute. It is a state-wide platform that connects young people across the state to real-world work-based learning opportunities. We seek to better prepare students to choose high-growth careers and be better prepared for the 21st century jobs Washington needs.
